TO BANQUET OFFICERS

Meeting of Officials and Citizens Held This Morning.

Arkansas Will Arrive Sunday Evening and Remain Through-out Monday.

A LARGE CROWD EXPECTED

A meeting was held this morning at the American-German National bank by Mayor Yeiser, a number of other prominent city officials, and officers of the Commercial club, for the purpose of arranging for the entertainment of the officers of the Monitor Arkansas.

The Commercial club desires to cooperate with the city officials and citizens who desire to see the visitors enjoy their stay, and for that reason had representatives at the meeting.

It was learned that the Arkansas will arrive in Paducah about 6 p. m. on Sunday and remain here until Tuesday morning.

A committee on arrangements and invitation composed of the following was appointed to send a formal invitation to the commander at Cairo: Mayor D. A. Yeiser, President Charles Reed, of the board of councilmen; President Lucien Durrett, of the board of aldermen, and President L. S. DuBois, of the Commercial club and S. A. Fowler.

Another committee on arrangements was appointed this afternoon. Mr. S. A. Fowler is chairman, and Councilmen M. W. Johnson and Wm. Hummel were appointed by President Reed of the council, and President Durrett of the aldermen will appoint two.

The details for Monday's entertainment of the officers and crew will be arranged today and tomorrow. The street car company will extend to them the free use of all its cars, and Monday night a banquet will be tendered the officers at the Palmer house.

It is the desire and intention of the city officials and Commercial club to make this banquet one of the most elaborate and enjoyable ever undertaken here. No special invitations will be issued except to Governor Beckham of Frankfort; Congressman James, of Marion; the mayor of Louisville, and the mayor or head official of the following neighboring cities: Mayfield, Fulton, Princeton, Paris, Tenn., Hopkinsville, Murray, Benton, Cairo, Metropolis and other places.

There will be covers laid for one hundred, and the plates to citizens will be \$5 each. All are invited to the banquet who desire to contribute in this way to its success, and it is hoped that there will be a large crowd. All who desire to attend must notify Hon. Charles Reed, at the Palmer house, by 10 o'clock Saturday night. No further invitation is necessary.

Mr. L. A. Lagomarsino has charge of the entertainment of the crew of the boat, who cannot be entertained on account of rigid discipline, with the officers, and it is probable another banquet at the same time will be given them. This will possibly be at Elks hall.

The stay of the vessel in Paducah will be longer than was expected, and will give the people from everywhere time to get here and get a good look at her. It will be the first time such a boat was ever in these waters, and will be a sight well worth traveling many miles to see, for it may not happen again in years.

The form of entertainment for Monday morning and afternoon will be decided on in due time. One feature of the visit of the vessel will doubtless be a reception on board, in order that the public may see what a real war ship looks like.

OFFERED AMBASSADORSHIP.

Washington, April 10—The president has offered Mayor Low the post of United States ambassador to France, should Mayor Low refuse a nomination.

BESS TO HANG.

Lexington, Ky., April 10—James W. Bess was convicted of the murder of Mrs. Martin and sentenced to be hanged June 12.

THREE MEN KILLED

Disastrous Explosion on the Battleship Iowa.

A Shell Prematurely Burst While the Men Were at Target Practice.

HOLES TORN THROUGH DECK

Pensacola, Fla., April 10—A disastrous explosion occurred on the battleship Iowa yesterday while the vessel was at target practice in the Gulf. The forward port 12-inch gun burst from the premature explosion of a shell, 12 feet of the piece outside the turret being demolished. Three men were killed and five injured, two seriously.

First-class Seaman Kiele. Ordinary Seaman Percell. Gunner's Mate Berry. The injured are First-class Seaman Gaught, Ordinary Seamen Thursdale, Brown, Mansdale and Parucker.

The men killed and injured were on the second or gun deck at mess. Three pieces of the exploded gun, each weighing over a ton, passed downward through the spar deck, falling upon the men at mess, instantly killing the three named. All of the men were horribly mutilated.

The heavy missiles, after passing through the gun deck, continued down to the third deck, where they came in contact with the armored deck, the heavy steel bringing them to a stop, thus saving the engineers and firemen, who were at work below. Although the upper decks were crowded with men no one there was seriously injured.

CALLED MEETING

PRES. M'FADDEN GOES TO NASHVILLE TOMORROW TO ATTEND.

President W. G. McFadden, of the city, has called a meeting of the executive board of the Kentucky and Tennessee Photographers' Association at Nashville Monday to complete arrangements for the meeting in June. He will leave tomorrow for that place to attend.

FIRST WHISKEY.

WILL BE TURNED OUT OF THE TERRELL DISTILLERY TOMORROW.

The Terrell distillery, which started up Monday, will turn out its first whiskey tomorrow, and there will be several barrels of it. In time the output will be greater. The distillery is owned by the Messrs. Terrell, of Paducah.

Miss Maggie Williams, who has been quite ill since last Saturday, is better.

THE PASSOVER FEAST

Solemn Jewish Custom to be Observed.

The Occasion Is Celebrated, Beginning Tomorrow, All Over the World.

SOME OF THE CEREMONIES

The Jewish feast of the Passover and Easter fall this year upon the same date, April 12. The ceremonies attending the Passover being less generally known, are of special interest. Passover begins at 6 o'clock tomorrow evening.

There are many ancient ceremonies still observed in celebrating the Passover festival. The occurrences mentioned in connection with the bondage of the Israelites and their departure from Egypt, as narrated in the bible, are perpetuated by ancient rites which date back to the dispersion of the Jews and to the time when they ceased to have a national existence.

The observance of the Passover festival entails many obligations upon the pious Israelite. Attendance at the synagogue service and the prayers said in the family circle are not the only act of devotion required by the religious authorities. The worshipper is expected to follow many biblical and rabbinical commands even in his preparation for the festival. Many of the most interesting of these ceremonies are not in the synagogue service, but are observed by the members of the household only in the privacy of their homes. Each of them bears a greater or lesser significance in keeping alive every detail concerning the history of the Passover.

On the evening preceding the eve of Passover an interesting ceremony is observed by the very pious, which is highly characteristic of the conscientious endeavor of the strict Hebrew to observe literally the commandment that there shall not be any bread or "hametz" in his house. A search is made by the master of the house for any leaven that may have been overlooked in the general cleaning. He examines every closet and every nook and corner thereof, gathering anything that he finds suspicious or decidedly leaven. This he burns the next morning, and before the noon hour.

The synagogue services in the orthodox and reformed places of worship are not marked by any ceremonial observances different from those of the regular Sabbath services, and many visitors of other creeds are disappointed when they ask at the different synagogues and temples at what hour the lamb will be sacrificed and are informed that no such rites are observed.

Mr. Wade Spowell went to Cadiz at noon on business.

CARS CRASHED HARD

Freight Cars Backed Into a Street Car Yesterday.

Several Passengers Hurt But None of Them Seriously.

ACCOUNTS ARE CONFLICTING

Street car No. 80, in charge of Motorman Luther Knowles, on the Broadway line, and a string of nine "bad order" freight cars on the Illinois Central, collided at the Eleventh and Broadway intersection yesterday afternoon about 4:30 o'clock and painfully injured several people, but none seriously.

The cause of the accident is not clear, as the motorman blames the Illinois Central men and they blame the motorman.

According to the motorman he was on his way to the city with several passengers, and the switch engine had hold of the cars. He stopped before he reached the tracks, as usual, and when the train passed and stopped he received the signal to go ahead from both a switchman on one side of the car and the flagman on the other, he declares, but about the time he crossed the first track the switch engine on the other started backing and struck him after his car had gone about twenty feet from where it first stopped.

The passengers, who would probably have escaped injury had they not attempted to get out of the car, rushed pell mell towards the doors, and one or two were painfully injured.

Mr. W. T. Howell and wife and baby of Savannah, Tenn., Miss Floyd Pendley, daughter of Dr. J. W. Pendley, Miss Finley of West Broadway, and Messrs. Robert Rivers, H. C. Bronaugh, W. L. Hansbro and Tom Sanders who were returning from Wallace park, were aboard. Mr. Howell, who is stopping at the Palmer House, was on the rear platform, and had a hand painfully cut. His wife and baby inside escaped injury.

Dr. Rivers had an ankle sprained and Mr. Bronaugh had his face slightly skinned. Miss Finley had a hand cut.

The train seems to have hit the car and after crushing its side left it leaning, breaking out the glass in the windows and damaging it otherwise. When the engineer saw the accident and pulled up, the car fell back to its natural position.

The railroad men claim that the motorman simply attempted to cross the track and save delay despite warnings, and declare that the train was not backing at the time the car was struck. Their explanation is that the cars' momentum carried them together when the engine stopped, and that a few moments later, when the slack was let out, the cars rebounded backward and collided with the street car. They say that the throttle of the engine had not been touched since shut off when the car was struck, and that the train was not moving with the exception of the customary slack.

The engine of the train was 747, in charge of Foreman A. J. Kays, Engineer Kent Williams and Fireman Webb. The track on which the train was switching was not the first the car had to cross.

Miss Pendley was half way through a window when rescued by some of the gentlemen, but escaped serious injury.

Superintendent Thompson of the street car company stated today that he had made an investigation and several present say that the motorman had the signal to start ahead.

NO POLICE COURT.

For the first time in several weeks there was no regular session of the police court today. No arrests were made last night and no cases were set for today, consequently Judge Sanders had a holiday.

RETURN TO WORK.

Indianapolis, April 10—Seven hundred plate glass workers in the Pennsylvania American glass factory at Alexandria, Ind., returned to work after a strike of a week.

IN TODAY'S COURTS

Smallpox Claims Hang Fire in Fiscal Court.

Hog Stealing Case on Trial in the Circuit Court This Afternoon.

NO POLICE COURT TODAY

Fiscal court is hanging fire on the smallpox claims against the county filed by Health Officer Frank Boyd.

This morning a special committee held a conference again with Dr. Boyd and reported a compromise from \$900 to \$450. Dr. Boyd was asked to make an itemized statement of his services and the matter was deferred until he had prepared same. It was stated this morning in fiscal court that the bill was considered too large and would not be paid but Health Officer Boyd says it is reasonable. The bill is for his services as health officer during the last quarter he has served. His time was out on January 1, 1903, but he remained in service until this meeting of court. His regular salary for the time is \$250.

It is understood that no county health officer will be re-elected and a member of the board made a statement to that effect today at noon. They think the office is not necessary.

The county renewed its membership in the Commercial club.

This afternoon the court is considering the matter of delinquent poll tax collector. Mr. Theodore Luttrell is the only bidder for the work, his bid being 50 cents on the dollar.

The committee on back tax collections reported this morning that \$2,000 had been collected from the Rogers term and it was ordered that the regular 6 per cent commissions be turned over to the Rogers estate. The total amount of commission is \$120.

Justices Sheehan, Burnett and Ghel-soon were appointed to check up Back Tax Collector Charles Graham.

The court took up the bond question and decided to advertise for more bids to be opened September 1. It will be remembered that advertisements for bids were recently published to refund \$100,000 in county 5 per cents on a 3 1/2 per cent basis. All the bids received were on a 4 per cent basis and the committee rejected all bids. The court ratified this action yesterday afternoon and decided to advertise for more bids and to accept none over 3 1/2 per cent.

Additional smallpox expenses allowed were: Dr. Thomas E. Moss, \$110.25; W. B. McPherson, \$20.85; David Murphy, \$44; Dr. A. Hale, \$70.25; Alonzo Smith, \$9; James McKinney, \$100; Dr. Graham, \$21; Baxter Kuykendall, \$44.80; Charley Leake, \$9.75. The smallpox claims rejected were as follows: Dr. B. T. Marshall, \$15; Charley Leake, \$11.25; M. T. Hurt, \$38.

The court house committee was authorized to add some shelves and make needed improvements in the county clerk's office.

Mr. H. H. Loving was elected county commissioner to succeed Mr. T. J. Atkins. The vote was 4 to 4, the same as in the county treasurer's race, and Judge Lightfoot elected.

One hundred dollars was appropriated for Judge R. T. Lightfoot's membership in the Commercial club. This is done so that the county be represented in the club.

T. W. Luttrell was elected back tax collector over R. E. Parish who placed a bid at 35 and 50 cents for assessed property and unassessed property. Luttrell's bid was placed at 40 cents for the two. Justice Tapp and Ghel-soon voted for Parish and the remainder for Luttrell.

CIRCUIT COURT.

Wurth Withrow, who lives on the county line road near Melber, Ky., is on trial today in circuit court for hog stealing.

Withrow was arrested here at the instance of Henry Ezell. Withrow claims he bought three hogs from Ezell and later sold them to Sam Hickman for \$9.50. W. D. Page of Car-

SALARIES SHAVED

Aldermen Passed the New Ordinance Last Night.

Each Business Was Before the Board at Its Regular Meeting Last Night.

NEW MATTERS CONSIDERED

Alderman Riglesberger was absent at last night's meeting of the board of aldermen.

It was ordered that the chairman of each board appoint six citizens and officials to assist in arranging for the entertainment of the officers of the Arkansas.

The board thought that Attorney Worten could look after the Callis damage suit for the city and declined to employ any assistance.

The light plant supply contract with the Fort Wayne Electric Co. was ratified.

Appraisers were ordered appointed to value several pieces of land in order to ascertain what per cent of street improvement assessments shall be paid by the owners.

Mayor Yeiser was authorized to sell some stone curbing and E. W. Berry was given permission to attach a patent smoke consumer to the stack of the light plant.

The Illinois Central was thanked for the use of its pile driver engine in repairing the Caldwell street bridge.

The Standard Oil affair, in which complaint was made that more oil than allowed by law was being kept, was referred to the fire committee.

The lawyer's bill of \$800 against Marshal Crow, which an effort is being made to have the city pay, was referred to the solicitor.

Prosecuting Attorney Jesse Gilbert reported that he had appointed the Register public printer which was ratified.

The attorney's opinion in the Captain Augustus matter, deciding that the city did not have to reinstate him as assistant chief, was filed.

Chairman Troutman, of the finance committee, presented the report of Treasurer Kraus showing \$11,987.70 on hand March 1; received since then \$5,054.98; disbursed \$7,603.08; balance on hand, \$9,439.60, received and filed.

opening an alley between 12th and 13th and Broadway and Jefferson.

A proposition from Mr. L. S. Du Bois relative to having drain pipes laid if the city would furnish the pipe, on Fountain avenue was referred.

No action on the proposition from citizens for a plank walk on Nineteenth street between Tennessee and Adams.

A proposition from property owners to give ground enough to open a street about 500 feet beyond Husbands, between Sixth and Seventh, was accepted.

The ordinance was given first passage for the improvement of George street 500 feet from Sixth to Eighth street.

An ordinance was passed ordering the improvement of an alley between Third, Fourth, Norton and Caldwell streets.

Milk and Meat Inspector Daley was ordered to hand in his report.

Coffee house licenses were transferred as follows: A. Denker, at 1038 Broadway to E. T. McKinney; Roberts & Treadler, at 118 South Third street, to Roberts & Peacher; Henry Nunn, at Fourth and Court to W. M. Law; Ed Baker, at 735 North Tenth to C. H. Everett.

Nothing was done with the matter of improving Maiden alley from Washington to Court streets, which is said to be almost impassable.

The mayor and public improvement committee were empowered to have needed improvements made at the city hall.

The board then adjourned.

DIED RATHER THAN LIVE

Mattoon, Ill., April 10—The death of Mrs. Sarah J. Roberts from poison, self-administered, is the tragic and pathetic sequel to a long jurisdictional fight in the lodge of Odd Fellows in Illinois.

Mrs. Roberts was an inmate of the Old Folks' Home of that order in this city, and her death followed the announcement that she was to be expelled. The coroner's verdict today, on the testimony of physicians, was that the woman died from poison.

She was 73 years of age and formerly lived at Lexington.

New flooring was ordered placed in Central fire station, the water mains were ordered extended on Clements street from Myers to Short, and the

DUE CONSOLIDATION

GOULD LINES TO MERGE FREIGHT AND PASSENGER AGENCIES.

Chicago, April 10—There is to be a general consolidation of the freight and passenger agencies of the lines forming the Gould system. A. C. Bird, recently elected vice president of all Gould lines, in charge of traffic, is engaged in holding conferences with all the freight and traffic men of the several Gould roads with a view of ascertaining a general situation and outlining a policy to be rigidly adhered to in the future.

Similar action was taken with reference to the Harriman lines which threw many men out of employment. It is stated that wherever consolidation occurs effort will be made to take care of the employees who are thereby deprived of positions. It is also understood that a few changes will be made in the traffic departments of the two or three of the main Gould lines, but that no radical upheaval will take place.

QUICK MATCH.

THE GIRL WAS GAME AND MARRIED HIM.

Caruthersville, Mo., April 10—The impromptu wedding of Attorney Sam J. Corbett and Miss Minnie Powell, prominent in society here, surprised the city. The groom had just returned from a funeral, where he was pall-bearer, and met the lady with her friend, Grace Scott, in front of the postoffice.

"I'd marry today if some one would have me," he said. "I will," said Miss Powell. "You are not game if you don't," said Corbett.

"I am game," replied Miss Powell, and Attorney Corbett took the lady's arm gallantly and escorted her to the courthouse, where Clerk Green issued the license. Judge Hawkins performed the ceremony.

PARNELL'S POLICY.

JOHN REDMOND WELCOMES THE IRISH LAND BILL.

London, April 10—John Redmond, the Irish leader, made an important speech at Dublin last night, in which he welcomed the Irish land bill, in spite of its great defects, as the first measure proposed by an English minister having the avowed object of carrying into effect the policy of Parnell and the land league.

After outlining desirable amendments to the land bill Mr. Redmond expressed surprise that there should be any uncertainty regarding the reception that Ireland would give to King Edward on his coming visit. He was convinced that the king was friendly to Ireland, and except that the Nationalists by their attitude toward the crown were absolutely debarrd from giving his majesty an official reception he would be welcomed with every courtesy and hospitality.

BADLY SINGED

A FORMER VICE PRESIDENT HAS A WARM TIME.

Bloomington, Ill., April 10—Adlai E. Stevenson, formerly vice president of the United States, lost his hair and mustache and received painful burns in the face, head and hands while trying to extinguish a fire in his home. The fire started in a bedroom. When he rushed into the room the curtains were ablaze. Without calling for aid, Mr. Stevenson attacked the flames. In a twinkling the hair sizzled from the top of his head. As he sought to save his hair the fire seized his mustache and blistered his face. He retreated before his clothes caught fire. The damage to the house is \$1,000.

MAY FIGHT AGAIN

TERRY MCGOVERN ANXIOUS TO GET AT YOUNG CORBETT.

New York, April 10—George and John Considine have announced that they would accept the \$10,000 bet which Sam Harris, Terry McGovern's manager, offered to wager on Terry for another fight with Young Corbett. They said that they would post the money just as soon as the match was arranged.

Corbett is expected to arrive here next week and agree to the fight. The Considines have been very close to Corbett and advanced him money for his first go with McGovern.

After an hour's session with the Considines Harris said: "The bet is not clinched yet, but I hope to have everything signed in a few days, as soon as Young Corbett arrives here. 'Take it from me,' continued Harris, 'that if my bet of \$10,000 is accepted McGovern will win.'"

MITCHELL'S PRIDE CAUSED BIG STRIKE.

COAL COMPANIES OFFERED MINERS MORE THAN COMMISSION AWARDS.

Pottsville, Pa., April 10—William Wilhelm, the labor leader, has made public letters showing that propositions were made through him by which the miners' strike of last year could have been avoided and the men would have gained more through the voluntary concessions of the companies than they secured through the award of the strike commission.

He secured a concession of a clean 10 per cent advance in wages, affecting all employees, instead of a few. Men at the water hoists would work only six hours under the plan. Mitchell refused to consider propositions for a settlement along this basis unless overtures were first made to him.

IS FROM PADUCAH

NEGRO AT MAYFIELD CHARGED WITH THEFT.

Frank Clayton, colored, who claims to be from Paducah, is under arrest at Mayfield for stealing a set of harness. He claims he worked two days at Jeffersonville, Ind., for a man who refused to pay him, and he then took the harness to get even.

BOCK BEER.

THE ANNUAL CROP WILL BE READY TOMORROW.

The beer drinkers are looking forward to tomorrow with much pleasure as Bock beer will be placed on sale in the morning. Bock beer is the strongest beer made and the stock lasts a short time only. It is only at certain seasons of the year that this beer is on tap.

Mrs. Susan Warren, aged 70, died at her home near Boaz, Graves county, from old age and the remains were buried at Mt. Pleasant. She leaves three children.

SUES TELEGRAPH CO.

MISSISSIPPI MAN ASKS \$50,000 FOR GIVING OUT MESSAGE.

Senatobia, Miss., April 10—As an aftermath of the famous Cooke trial last summer a suit of more than usual interest is filed in the Tate county circuit court.

W. G. Cooke, one of the Tate county's most prominent and respected citizens, by his attorney, the Hon. J. F. Dean, sues the Western Union Telegraph company and its agent at this place, Roy H. Bell, for the sum of \$50,000 for making public the contents of a private telegram sent to W. G. Cooke by his attorney last summer from Narragansett Pier in regard to the action of Justice White in the Ashley Cooke case.

As recited in the declaration this telegram was caught by almost every agent in the state and spread broadcast before it ever reached Mr. Cooke. It further states that the telegraph company furnished the telegram to newspaper correspondents without his knowledge or consent; that the telegram was made public in Senatobia and then forwarded to Greenville and made public there before he knew the telegram had been sent.

The suit is for the largest sum ever sued for in this county, and it will attract considerable attention, not only because of the amount involved, but because it will settle new legal questions in the state of Mississippi.

LOCAL SANITATION.

ANOTHER PLAN HAS BEEN SUGGESTED NOW.

The new plan for making sanitary inspections in Paducah concurred in by the aldermen last night is to select four police officers from the present force and assign them to the exclusive duty of making sanitary inspection. This will enable the city to have the inspections made at no extra expense, and will not make it hard on the four police officers, who will have nothing else to do.

The plan previously offered and rejected was to have the police officers all over the city look after sanitation in addition to their other duties. The present plan will save the city the annual expense of sanitary officers, with just as good service as heretofore. There was an effort more than once to cut down the expense of the police department by reducing the force and it is not believed that a reduction in the force will seriously handicap it.

NO LIMIT.

STANDARD OIL PEOPLE SAY THEY VIOLATE NO LAW.

Manager Elmore, of the Standard Oil company, stated this morning that he could not understand the attack on his company here on account of his stock of oil.

"We carry a stock of oil the same as a merchant does a stock of goods," he stated. "Some time we have but little oil on hand and at other times we carry a pretty full supply. During the summer little oil is sold and we have a good stock. There is practically no danger as time will prove and as we understand it we are violating the law in no way. Our attorney informs us that there is no ordinance specifying the amount we shall carry and we can't see why there are any objections."

The joint fire committee of the two boards has been directed to investigate which will be done next week, probably, or before the next meeting.

MIDGET DIES

INFANT OF MR. AND MRS. WM. SCRUGGS NO MORE.

Mr. and Mrs. Wm. Scruggs are mourning the death of their infant daughter, who died last night at the family residence, 1017 South Fourth street. The child was four days old and was the smallest child born here in a long time, weighing two pounds and measuring seven inches in length.

Van, the 7 year old son of Mr. H. B. Saltzgriver, died from bronchitis at the family residence on Clements street last night.

COLUMBUS "DRY."

TEMPERANCE PEOPLE WIN A BIG VICTORY.

In the local option election at Columbus, Ky., the temperance people won by a vote of 167 to 73. The victory is largely due to the good work of the women.

A LONG RUN

A DAIRY WAGON FLEW BLOCKS WITH SLIGHT DAMAGE.

Two horses belonging to Mr. W. Y. Griffith, the dairyman, ran away this morning with his milk wagon and made one of the longest runs on record not to have done any more damage than has been discovered.

The horses started off at Third and Tennessee street while Driver Henry Wright was in a house delivering milk, and ran out Tennessee street to Ninth and north on Ninth to Trimble, where they turned and ran to Twelfth. At Twelfth street they turned and proceeded out the Cairo road to the dairy. The wagon was damaged slightly and about twenty gallons of milk lost. Several lids to milk cans were lost and the damage will amount to about \$10. The runaway caused some little excitement all along the course taken by the frightened horses and several collisions were narrowly averted on North Ninth street.

LOOKING FOR HUSBAND

A BOY ALSO SEEKS HIS LOST FATHER.

Mrs. Maggie McGowan of Bellevue, Tenn., has written Marshal Crow to ask his aid in locating her husband, Wm. McGowan, who has been gone two months and is believed to have come here.

Frank Bayne of Missopri, aged 16, is here looking for his father, Isom Bayne, who has been missing six weeks and wrote his son to come here. The boy has not succeeded in locating him.

LOW RATES WEST

AND NORTHWEST.

Commencing February 15 and continuing daily until April 30, the Illinois Central railroad company will sell one-way second class colonists' tickets from Paducah to Billings, Helena, Missoula, Ogden, Salt Lake, Spokane, Portland, Tacoma, Seattle and intermediate points at extremely low rates, with stop-over privileges west of the first colonist point. NEW GRAVEL

ILLINOIS CENTRAL SENDS A GOOD SUPPLY HERE.

A large number of cars of gravel have been received from the Illinois Central by the city, and are on First street being unloaded by the city. The gravel is for keeping the streets between and near the tracks in repair.

Work on the Caldwell street bridge has been temporarily suspended on account of the city's inability to get timber. Cars can use the bridge, however, so there is little inconvenience in the incompleteness of the bridge.

COUPLE FROM MARSHALL.

ELOPED AND WERE MARRIED AT METROPOLIS.

Mr. Joseph T. Washburn and Miss Jennie F. Pruitt of Birmingham, Marshall county, arrived in the city yesterday afternoon and took a boat for Metropolis, where they were married late yesterday afternoon by Justice Thomas Liggett in the latter's office. They returned on the Dick Fowler and left for home today.

WHEAT CROP.

IT IS QUITE SATISFACTORY EVERYWHERE.

The Kentucky wheat crop has wintered in a manner highly satisfactory to the farmers in every section of the state, and according to the report of Commissioner of Agriculture I. B. Nall, which covers the quarter ending with April 1 and is just out, the prospect for a full crop has not been better in twenty years. On account of the wet weather corn planting is rather backward and because of the continued cold there has been but little opportunity to sow tobacco seed. The pastures are in splendid condition, while the fruit has suffered from the recent cold snaps.

SMITHLAND TELEPHONES

TWO COMPANIES SEEM TO WANT TO GO THERE.

The council at Smithland has not yet passed an ordinance to sell a telephone franchise, but will shortly do so. It appears that both the East Tennessee Telephone Co. and the People's Independent Telephone Co. want to bid on it.

The Banner says that a movement is on foot to own and operate an exchange there and connect with the Independent lines, but nothing definite has yet been done.

WALKS WITHOUT CRUTCHES.

I was much afflicted with sciatica, writes Ed C. Nud, lowaville, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me, I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons, all express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and \$1 at DuBois, Kolb & Co.

ness."

THE WEATHER.

Rain and warmer tonight. Satur-
day rain except fair in the extreme
eastern portion. Winds, with probable
squall.

President Roosevelt is not bothered
with reporters on this trip. The only
one bold enough to venture where he
was not invited was arrested and his
dog was killed by guards. There is
probably one vote the president will
not get.

Judge Robert J. Breckinridge de-
clines that he is thinking of with-
drawing from the gubernatorial race be-
cause he did not forward his primary
fee. While the fee should have been
sent in yesterday, it is understood the
committee will not raise the point of
time.

Everybody should join in making
the visit of the monitor Arkansas and
her officers something long to be re-
membered by them and us. They
should be treated well and hospitably,
not essentially elaborately, and it can
be safely said in advance they will ap-
preciate it.

Says the Louisville Herald: Govern-
or Beckham, has, it is said, decided
to run away in a special train from
John K. Hendrick. The latter's cam-
paign is obstreperous, but hardly in-
teresting. All three Democratic can-
didates are Gobelites, and must be by
Republicans taken accordingly.

Fiscal court ignored the matter of
making a contribution towards the
Kentucky exhibit at the St. Louis ex-
position. Livingston county, through
her fiscal court a day or two ago gave
\$100 towards the exhibit. McCracken
gives nothing. If the people want the
magistrates to be that stingy with
public funds when it comes to spend-
ing them for public purposes, we are
very much mistaken in our estimate
of them.

Mr. Bryan in the latest Commoner
advocates a clean cut, open fight, of
his own faction with the "reorganiz-
ers," and intimates that if the reor-
ganizers win, Grover Cleveland will
be the nominee of the Democratic par-
ty. It seems that Mr. Bryan is anx-
ious to pit his own strength against
that of Mr. Cleveland, but he will
probably be fooled. Mr. Cleveland
may accept the nomination if it is of-
fered him, but he will probably never
ask or make a fight for it.

Mayor Carter Harrison of Chicago,
seems to have evolved a pretty cute
scheme, to capture, assisted by Willie
Hearst, the Democratic presidential
nomination next year. He is to sup-
port Hearst should an eastern man be
desired, and Hearst with his saffron-
hued newspapers will support Harri-
son should a western man be deemed
more likely to win. They are both
going to a great deal of trouble for an
empty honor. As the prosperity of
the country increases the chance of
the Democrats ever electing a presi-
dent decreases.

The grim, phlegmatic genius of the
Courier-Journal evidently does not ap-
preciate the humor that crops out from
every pore of Colonel John Meloon,
who has something to do with Mr.
Meloon's campaign. The
Courier-Journal's tone let

Beckham be asked to withdraw, is
only one of his jokes. This is plain
from his statement about Beckham's
jeopardizing the success of the Demo-
cratic party. Beckham is not fighting
the state Democratic organization, and
accusing it of everything except fair-
ness and honesty, therefore Colonel
Meloon's reference to Beckham's "dis-
rupting the party" must have been
only his perennial humor oozing out.

It seems that one or two attorneys
are taking a good deal of interest in
the salary to be fixed for the office of
prosecuting attorney of Paducah or
"city attorney," as it is called in the
second class charter. None of these
attorneys, nor any of their friends, is
compelled to run for the office if he
doesn't want to. If no one wants the
office, no one is compelled to run, and
the effort to induce the boards to fix
the salary at an exorbitant figure so
the place will remain a sinecure will
probably not be successful. No one is
urging any of these attorneys to run
for the office, and if they do not care
to run for it, it is not exactly clear
what interest they have in the salary.

The city finds itself in a predicam-
ent over the payment of supervisors
of the tax books, who worked about
double the time allowed by law, and
from reports did good work. No mat-
ter whether they are paid full time for
their services or not, the city should
profit by the experience. It is very
plain that the law does not permit
cities of this class to pay supervisors
for more than twenty-four days, and
if the supervisors in the other second
class cities of Kentucky can do the
work in that time there is no apparent
reason the supervisors here could not
do likewise if they made an effort.
The total assessment in the other sec-
ond class cities is so far ahead of our
it would be foolish to claim that there
is more work to do here. If it is un-
derstood in advance that the super-
visors have to finish in twenty-four
days probably they will do it here, as
they do it in other second class cities.

NEW LIGHT DRINKS

Expert Dispensers Have a Num-
ber on Hand

The Season in Paducah Under Way—
5,000 Glasses a Day in Summer.

The soda water season in Paducah
is now well under way, and promises
to be as profitable this year as usual.
One dispenser of this form of light re-
freshment stated this morning that he
was certain 5,000 glasses of soda wa-
ter a day are drunk in Paducah during
the hot months, and often even more.
The royal cabinet will be a novelty
this summer, especially in the big cit-
ies, and its originator expects it to
make a decided hit. Among other
new drinks which will be offered are
the pineapple snow, the cherry cock-
tail, the claret glaze, the chocolate
mint and the cream puff.

Not content with this bewildering
array, the ambitious and ingenious
"soda jerker" will be ready to serve
novelties in the shape of the ginger
ale cobbler, the mint freeze, the egg
malted milk, the creme de menthe,
the egg coca-cola and the horse's neck.
The demand for some drinks is un-
ceasing the year through, and, strange
to say, the sundae is one of these.
The egg phosphate maintains its popu-
larity, and the chocolate frappe, the
various flavors of phosphates, the clar-
et frappe and coca-cola will continue
to quench the thirst of the heated sum-
mer man. Ice cream sodas are always
called for, even in the chilliest weath-
er, and chocolate is always the favor-
ite flavor. The egg drinks are gaining
rapidly in popularity.

A feature that is just coming in at
some soda fountains is the strawberry
sandwich, and this delicacy will con-
tinue as long as the strawberry season
lasts.

The expert of the soda fountain
knows how to mix as many different
kinds of drinks as an up-to-date bar-
tender, and is always keenly alert for
any innovation that may catch the
popular fancy. Before one is quali-
fied to take command of a first class
fountain he has to serve a long appren-
ticeship, and must learn everything
from charging the fountain to devis-
ing new mixtures.

BASEBALL NEWS

Clifford Will Probably be Cap-
tain of Paducahs

A Great Deal of Activity Among Lo-
cal Amateurs.

Tom Clifford, the catcher for the
local professional team, it is stated on
good authority, will probably be made
captain of the team. Clifford made
himself popular here with the Padu-
cah team in 1897 and will be greeted
with much enthusiasm on his return.
He has proven himself an excellent
baseball player and his election to cap-
tain will be received with much satis-
faction and pleasure by his many
friends and admirers here.

City Jailor Tom Evitts has devel-
oped into a baseball manager and has
accepted the position of manager of
the Dick Calissi "Sterling" team.

Saturday night a meeting of the
club will be called and the team re-or-
ganized. It is the intention of the
backers and manager to have only the
best players signed. This team will
compete with the best teams in the
city and will tackle the professional
team also, and after Saturday night
the best players in the city will be
picked and placed on the team. Ken-
ny Murray, George Overstreet, Robert
McCane, Walter Wilkins, Henry Dicke
and Albert Winfrey will be signed, it
is said, which will add much to the
strength of the club.

Mr. Tom Robison, of the I. C. team,
is negotiating with the "Sterling"
team to secure a game for Sunday af-
ternoon. Mr. Robison expects to have
a winning team this season and says
when he gets firmly organized he will
bring out several players who have
been "old leaguers." He has seven
men on his team who have played pro-
fessional ball, and one youngster, a
pitcher, is considered a coming light
in the baseball world. He has never
played a game but has remarkable
speed and a good delivery and is now
in training and will be given a trial
by Manager Robison. The colors of
the railroad boys will be green suits
with gold trimmings. The stockings
and caps will be maroon.

The Sterling's colors are to be red
caps, red stockings, blue shirts, blue
pants and yellow shoes, it is said.

The colors suggested for the Padu-
cah professional team are dark blue
suits with maroon trimmings.

The Y. M. C. A. team is practicing
hard and will be in shape to play with
in the next two weeks. The grounds
will be rolled this week and placed in
excellent shape. Joe Bishop and Hen-
ry Grace are pitchers and Ed Toof
and Joe Bishop catchers. Toof
catches for Bishop and Bishop for
Grace. The team will be a strong
one.

A Mount Vernon clergyman told his
flock the following story recently to
illustrate his opposition to the grant-
ing of cut rates or special privileges to
men of the cloth.

"I once knew a clergyman," he
said, "who found himself out on a
lark with a party of men about town.
He played billiards, and ate and drank
with the others and had held his end
up until it came time to settle. Then
he leaned over the bar and whispered
to the bartender: 'Say, I'm a minis-
ter, and if there is any reduction in
my case, why I'd be glad to have it,
you know.'"

"Say, youse," replied the barkeep-
er, "you played billiards like a hea-
then an' ate like a heathen an' drank
like a heathen. Now I want youse to
pay like a heathen."

THE MEMORANDUM HABIT.

Have you ever formed the "memo-
randum habit"? If not, form it at
once. Did you ever stop to think how
forgetful you are—how forgetful we
all are? One puts a finger into the
water, withdraws it, and looks for the
hole. It isn't there. The poet left
his footprints on the sand. The rising
tide swept over them, receded, and the
footprints were gone.

So it is with things to be remem-
bered. Frailty, treachery—thy name
is memory. You make an engage-
ment for 8 p. m. Wednesday. Upon
it all sorts of important contingencies
depend. Three o'clock comes, Wed-
nesday—and goes. Two hours later
you remember. "Horror! What have
I lost!"

The train leaves at 6 p. m. sharp.
You were duly informed. Your
treacherous memory registered the
hour as 6:30. You are at the station
well in advance of what you under-
stand to be the starting time. The
clock there points to 6:15. Where is
your train? Gone!—Thomas Elmer
Will, in March Success.

EASTER CAKE SALE BY WOMAN'S COMMITTEE.

The woman's committee of the Y. M. C. A. will have an Easter sale of cakes, egg kisses and various delicacies that will make the Easter dinner a success and aid the over-worked house-keeper. There will also be a collection of pretty Easter eggs for the children. The sale will open tomorrow morning at 8 o'clock at the former bowling alley building on Broadway, and a liberal patronage should be given the good work.

Theatrical Notes.

"Dangers of New York" was presented by the Peruchi-Beldini company last night to a small but appreciative audience. The play afforded much opportunity for comedy and Mr. Peruchi furnished much fun in the part he assumed. The specialties were good and the show highly pleasing.

RAILROAD NOTES.

STEEL WRECKER TO BE TRANSFERRED TO ANOTHER DIVISION.

The big steel wrecker which was sent here from Chicago several months ago to be used on this end of the road, will not be retained but will be sent south, probably to Fulton, where the tunnels are not so numerous and are larger than those on the Louisville division. The big wrecker can not get through some of the tunnels and will have to be sent to another division. It turned over several weeks ago on the Evansville district and has just been repaired here.

Work on the Cairo branch of the road is progressing more rapidly now as a large force of laborers has been added within the past week. The work will be pushed as rapidly as possible and both track and grade men are exerting themselves to make up for the lost time caused by the inclement weather and the high water.

Mr. O. M. Donn, assistant superintendent of southern lines of the I. C., and Mr. G. W. Smith, assistant superintendent of machinery, of Chicago, arrived in the city this morning from the south on their private car and made an inspection of the local shops and terminals.

The Illinois Central depot at Seventh street and the river, Louisville, long known as the "union depot," will be changed to "Central depot" to avoid confusion.

Julius Worrell, formerly in Superintendent Lorton's office at Fulton, and a well known Illinois Central employee died of typhoid fever yesterday at his home in Jackson, Tenn.

W. C. Sutherland, lumber inspector for the I. C., returned from Tennessee this morning.

LONG LIFE ENDED

MRS. MARGARET GRAHAM DIES IN THE COUNTY.

Mrs. Margaret Graham of Grahamville died last night at 9 o'clock of general debility and will be buried tomorrow afternoon at New Liberty. She was grandmother of County Clerk Charles Graham.

The deceased was born in Wheeling, W. Va., but had lived in this county for more than forty years. She was about 80 years of age at her death and leaves four sons and four daughters to mourn her loss. The daughters are Mrs. W. A. Smith and Mrs. Phoebe Lents of Grahamville and Mrs. Julia Douglas and Mrs. Emily Smith of near New Grand Chain, Ill. Her sons are Messrs. J. E., W. O., Z. C. and Robert Graham of Grahamville.

SINCE THE LENTEN season is still on, drop your fish hook in our mackerel barrel tomorrow and draw out three fine ones for 25c. Kamleiter's.

Tailor Made Clothing Is the Cheapest

That sounds like a broad statement. You may doubt it. However 'tis true.

Real economy is to be found in custom tailor clothing for the following reasons

The fabrics wear longer. Hold their shape always. Hold their colors.

Always look better.

Give you an air of prosperity and of having the correct thing.

The first cost is just a fraction more than the other sort.

A Strange Calculation.

Taking the length of the permanent railways on the surface of the globe at nearly sixty thousand geographical miles, with a daily average of ten trains, it is estimated that the total loss suffered by wear and tear each day by the metallic rails of the earth is about six hundred tons. The six hundred tons are lost in the form of fine powder, and are carried back to the earth in the shape of soluble iron salts.

A GOOD CUSTOMER

Our Goods Become Very Popular in Canada.

The Increase in Imports From the United States Very Large.

WE BEAT ENGLAND HERSELF

Canadian import figures indicate that the manufactures and merchandise of the United States are popular with the people of Canada. The statistical statement of Canadian commerce, just received by the treasury bureau of Statistics, covering the commerce of the seven months ending with January, 1903, shows Canada imported from the United States during that time 67 million dollars worth of merchandise, against 32 million dollars worth from the United Kingdom and 21 million dollars worth from all other parts of the world.

This large importation from the United States by Canada is especially interesting in view of the fact that the Canadian tariff permits the introduction of products from the United Kingdom on payment of only two-thirds the duty which goods from other parts of the world, including the U. S., must pay. This reduction in tariff on goods from the United Kingdom as against goods from other parts of the world was begun some four years ago and the reduction on British goods increased until it reached 33 1-3 per cent. Yet, in spite of this fact, the United States supplies to Canada twice as much merchandise as does the United Kingdom.

In a large proportion of articles or classes of articles imported into Canada, the U. S. supplies a larger share than does the United Kingdom. In a list of 36 principal importations into Canada, 26 show a larger importation from the United States than from the United Kingdom, and 10 show larger importation from United Kingdom than from the United States. The ten articles in which the United Kingdom supplies a larger share of the Canadian imports than does the United States are: Cotton manufactures, flax and hemp manufactures, silk manufactures, wool manufactures, tin and manufactures thereof, earthen and china ware, spirits and wines, tea, wool, and "fancy articles."

Of the articles of which the United States furnishes a larger supply than does the United Kingdom, the principal ones are manufactures of iron and steel, wood and its manufactures, coal, and coke, breadstuffs, chemicals, fruits, provisions, live animals, tobacco and its manufactures, paper and its manufactures and electrical apparatus.

NOTICE.

Will Hays vs. Str. City of Memphis, in Admiralty.

Whereas, A libel was filed in the district court of the United States at Paducah, Ky., on the 3rd day of January, 1903, by Will Hays against the steamer City of Memphis, her engines, tackle, apparel, etc., alleging in substance that said steamer was indebted to him in the sum of \$13.10 for services as seaman, and that said steamer is justly indebted to him in said sum, that same has never been paid, and prays process against said steamer, and that it be condemned and sold to pay said claim, with costs and expenses.

Now, therefore, in pursuance to the monition under seal of said court to me directed, I do hereby give public notice to all persons claiming the said steamer, or in any manner interested therein, that they be and appear in the district court of the United States for the Western district of Kentucky, at Paducah, on or before the 20th day of April, 1903, at 10 o'clock in the forenoon of that day, then and there to interpose their claims and to make their allegations in that behalf.

THE WOMAN CARRIER

Prospects That Some Will Carry Rural Routes

No Discrimination Between Sexes Is Made by the Postoffice Department.

ONE WOMAN CARRIER NOW

The day is not far distant when several Kentucky women will be appointed to carry mail in the rural delivery service. Several women have expressed the desire to Special Agent Woltz and others for appointments, and it will not be long before several skirted carriers are riding along the Kentucky pikes.

The policy of the department in making appointments in the rural delivery service is to allow no discrimination between the sexes. When a route is to be established notice is posted at the nearest postoffice, and all who desire to become carriers are advised when and where examinations will take place. Women candidates are treated no differently than are men, although naturally their physical qualifications are considered with greater care.

A woman of delicate constitution will not be appointed for obvious reasons. The rural carrier has to cover his route regardless of the weather. The past winter has not been up to the average in severity, but the mud, particularly during the spring in Kentucky, has been uncommonly deep, and many of the roads, according to Special Agent Woltz of the postal rural delivery service, have been such as to test the endurance of the men carriers.

At the present time there is only one woman carrier in Kentucky—at Shively. Throughout the United States there are in all fifty-seven women carriers in the rural delivery service. They come from the following states: California, Georgia, Illinois, Indiana, Iowa, Michigan, Massachusetts, Missouri, Minnesota, Maryland, Nebraska, New York, Ohio, North Carolina, Oregon, Pennsylvania, South Dakota, West Virginia and Wisconsin.

SKIN DISEASES THE OUTCROPPING OF BAD BLOOD

And while not always painful are aggravating beyond expression. With few exceptions they are worse in spring and summer when the system begins to thaw out and the skin is reacting and making extra efforts to throw off the poisons that have accumulated during the winter. Then boils and pimples, rashes and eruptions of every conceivable kind make their appearance, and Eczema and Tetter—the twin terrors of skin diseases—Nettle-rash, Poison Oak and Ivy, and such other skin troubles as usually remain quiet during cold weather, break out afresh to torment and distract by their fearful burning, itching and stinging. A course of S. S. S. now will purify and enrich the blood, reinforce and tone up the general system and stimulate the sluggish circulation, thus warding off the diseases common to spring and summer. The skin, with good blood to nourish it, remains smooth and soft and free of all disfiguring eruptions.

I suffered with Eczema of the face and face for over a year, it was not only annoying and painful but very unsightly, and I disliked to go out in public. I tried at least a dozen soaps and salves, and became very much discouraged until I read in the paper of the cure performed through the use of S. S. S. I had little faith at first but determined to give it a month's fair trial at least. I am pleased to state that I soon noticed a slight improvement, sufficient to decide me to keep it up. After the use of six bottles my skin was as smooth and soft as a baby's. This was a year ago and I have never had any trouble since.

"Tightness of a Dorothy Dodd"

On the Scales

At many interesting facts may be discovered with a pair of scales, but it is doubtful if any single fact will be more interesting and valuable to the average woman than the weight of her shoes.

For this tells her the number of ounces that must be added thousands of times each day, and a little calculation will show that she lifts tons of shoe leather a day—no small labor in itself.

The "Dorothy Dodd" shoe saves the lifting of more than one and one-half tons every day. A pair of "Dorothy Dodd" shoes are several ounces lighter than ordinary shoes. The feet are just so much more comfortable, and you are so much less tired. Put a pair to the test!

WHEN KNIGHTHOOD WAS IN FLOWER

Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and Happening in the Reign of His August Majesty King Henry the Eighth

Rewritten and Rendered into Modern English From Sir Edwin Casskoden's Memoir

By EDWIN CASKODEN [CHARLES MAJOR]

Copyright, 1898 and 1901, by the Bowen-Merrill Company

We now had some songs from Mary and Jane; then I gave one, and Brandon sang rapt at Mary's request. We had duets and quartets and solos, and the songs were all sweet, for they came from the heart of youth and went to the soul of youth, rich in its God given fresh delight in everything. Then we talked, and Mary and Jane, too, with a sly, shy, soft little word now and then, drew Brandon out to tell of his travels and adventures. He was a pleasing talker and had a smooth, easy flow of words, speaking always in a low, clear voice and with perfect composure. He had a way of looking first one auditor and then another straight in the eyes with a magnetic effect that gave to everything he said an added interest. Although at that time less than twenty-five years old, he was really a learned man, having studied at Barcelona, Salamanca and Paris. While there had been no system in his education, his mind was a sort of knowledge junkshop wherein he could find almost anything he wanted. He spoke German, French and Spanish and seemed to know the literature of all these languages.

He told us he had left home at the early age of sixteen as his uncle's esquire and had fought in France, then down in Holland with the Dutch, had been captured by the Spanish and had joined the Spanish army, as it mattered not where he fought so that there was a chance for honorable achievement and a fair ransom now and then. He told us how he had gone to Barcelona and Salamanca, where he had studied, and thence to Granada, among the Moors; of his fighting against the pirates of Barbary, his capture by them, his slavery and adventurous escape and his regret that now drowsy peace kept him mewed up in a palace.

"It is true," he said, "there is a prospect of trouble with Scotland, but I

the passive iron—had come into her life. Doubly sweet it was to her intense young virgin soul in that it first revealed the dawning of that two edged bliss which makes a heaven or a hell of earth—of earth, which owes its very existence to love.

I do not mean that Mary was in love, but that she had met and for the first time felt the touch, yes, even the subtle, unconscious, dominating force no sweet to woman, of the man she could love, and had known the rarest thrill that pulses in that choicest of all God's perfect handiwork—a woman's heart—the throbbing that goes before, the John the Baptist, as it were, of coming love.

It being after midnight, Mary filled two cups of wine, from each of which she took a sip, and handed them to Brandon and me. She then paid me the 10 crowns, very soberly thanked us and said we were at liberty to go.

The only words Brandon ever spoke concerning that evening were just as we retired:

"Jesus, she is perfect! But you were wrong, Casskoden. I can still thank God I am not in love with her. I would fall upon my sword if I were."

I was upon the point of telling him she had never treated any other man as she had treated him, but I thought best to leave it unsaid. Trouble was apt to come of its own accord soon enough.

In truth, I may as well tell you that when the princess asked me to bring Brandon to her that she might have a little sport at his expense she looked for a laugh, but found a sigh.

CHAPTER V.

AN HONOR AND AN ENEMY.

A DAY or two after this Brandon was commanded to an audience and presented to the king and queen. He was now eligible to all palace entertainments and would probably have many invitations, being a favorite with both their majesties. As to his standing with Mary, who was really the most important figure socially about the court, I could not exactly say. She was such a mixture of contradictory impulses and rapid transitions, and was so full of whims and caprices, the inevitable outgrowth of her blood, her rank and the adulation amid which she had always lived, that I could not predict for a day ahead her attitude toward any one. She had never shown so great favor to any man as to Brandon, but just how much of her condescension was a mere whim, growing out of the impulse of the moment and subject to reaction, I could not tell. I believed, however, that Brandon stood upon a firmer foundation with this changing, shifting quicksand of a girl than with either of their majesties.

In fact, I thought he rested upon her heart itself. But to guess correctly what a girl of that sort will do or think or feel would require inspiration.

Of course most of the entertainments given by the king and queen included as guests nearly all the court, but Mary often had little fetes and dancing parties which were smaller, more select and informal. These parties were really with the consent and encouragement of the king, to avoid the responsibility of not inviting everybody. The larger affairs were very dull, and smaller ones might give offense to those who were left out. The latter, therefore, were turned over to Mary, who cared very little who was offended or who was not, and invitations to them were highly valued.

One afternoon a day or two after Brandon's presentation a message arrived from Mary notifying me that she would have a little fete that evening in one of the smaller halls and directing me to be there as master of the dance. Accompanying the message was a note from no less a person than the princess herself, inviting Brandon.

This was an honor indeed—an autograph invitation from the hand of Mary! But the masterful rascal did not seem to consider it anything unusual, and when I handed him the note upon his return from the hunt he simply read it carelessly over once, tore it in pieces and tossed it away. I believe the Duke of Buckingham would have given 10,000 crowns to receive such a note and would doubtless have shown it to half the court in triumphant confidence before the middle of the night. To this great captain of the guard it was but a scrap of paper. He was glad to have it, nevertheless, and with all his self restraint and stolidism could not conceal his pleasure.

Brandon at once accepted the invitation in a personal note to the princess. The boldness of this actually took my breath, and it seems at first to have startled Mary a little also. As you must know by this time, her "dignity royal" was subject to alarms and quite her most troublesome attribute—very apt to receive damage in her relations with Brandon.

THE NEW THEATER.

STAGE, BEING BUILT FIRST, IS NEARLY COMPLETE.

The Casino theater at Wallace park is getting along nicely and already the stage is nearly complete. The stage is being built first so that the theater will be in readiness by the date set. The floor of the playhouse will next be built and the roof added later. This is done in order that no delay be occasioned in the opening of the theater. If the roof is not on by that time, the stage and seating portion of the house will, be furnished and the show can be given as long as the weather is good.

BEAUTY AND STRENGTH

Are desirable. You are strong and vigorous, when your blood is pure. Many—nay, most—women, fail to properly digest their food, and so become pale, sallow, thin and weak, while the brightness, freshness and beauty of the skin and complexion depart. Remedy this unpleasant evil by eating nourishing food and taking a small dose of Herbine after each meal to digest what you have eaten. 50c at DuBois Kolb & Co.

THEY LEFT A LITTLE.

Colorado Springs, Colo., April 10—Isaac Harry Stratton realized \$235,000 net from \$350,000 paid him in the will contest compromise of his father's estate. Wolcott, \$62,500; Wolcott, Vaile & Waterman, \$17,500; Gunnell, Chinn & Miller, \$15,000; Judge Ira Harris, \$12,500; Judge W. W. Wright, \$7,500.

SPRING IS HERE at last. So are we with our celebrated roach poison; keeps the house clean of insects and roaches. Phone 489. Wolf, Independent Grocer.

TRAINED ANIMAL ARENA AT PADUCAH CARNIVAL.

At every exposition and carnival in this country and abroad the star feature has always been the marvelous trained animal exhibition, where the very acme of human courage and daring, the apex of wild animal subjugation, together with a superlative degree of educational zoological features, are combined, the salient characteristics of the world's resources and a lifetime's plucky effort, perseverance and experience, as represented by the great Ferrari Brothers' carnival. The efforts of others in similar lines extend the world around. The exterior of the wild animal show is a mass of rare painting, carving and gilding and electric lighting and represents the very highest degree of the decorative art. Around the sides of the interior are the great steel barred cages wherein are shown the brute creation fully and complete. The entire animal kingdom as they are represented, and from the ice-bound regions of the Arctic circle to the sun-scorched latitudes at the equator, mountain, forests, jungle, desert, plain, ice floe and frozen sea, has been ransacked to get together this vast collection, in which there is not a single interesting species missing nor one rare variety absent. There, commanded and directed by the world's greatest animal trainers, are shown man-eating lions, bloodthirsty tigers, fierce, snarling leopards, treacherous panthers, huge, shaggy bears, grave-robbing hyenas, deadly jaguars and wild fighting wolves, in as complete subjection as household cats and dogs. In the great steel cages can be seen fearless men and women taking their lives in their hands, posing in the midst of the very beasts, whose mission on earth seems but death and destruction. Education to a degree which borders on the line of human understanding is amply demonstrated and performances are given which fairly boggle the senses of the spectator. All of this will be seen in the great arena which will be here as the crowning attraction of the Paducah free carnival May 11 to 16.

DISAPPOINTED REPORTER.

HE WAS SEIZED AND HIS DOG WAS SHOT.

Cinnibar, Mont., April 10—President Roosevelt made an early start yesterday from his headquarters in the park for an extended trip through certain portions of the reserve. There are a large number of mountain lions in the park, and as the authorities are making a determined effort to exterminate them it is possible the president may get a few shots during his stay. Notwithstanding that numerous notices had been given to the outside world that no newspaper men would be allowed in the park while the president was there, one enterprising reporter tried to force his way in yesterday. He rode a horse and had a dog with him. The man was arrested and the dog shot. Later the correspondent was released.
